Dear Ian,

Today we will be going fishing down at the creek with Mr. Faux. And even better still we will be going on the ropes. There is a big scramble net, & lots of rope ladders, one going right up in a tree, ropes hanging straight down from trees. The best of the lot is the rope bridge. It is three horizontal ropes. You climb up the rope ladder about 20ft. then hang onto two ropes while walking on the one. (they have got loads of sand underneath) Tonight in the theatre we are having a concert. I am a beetle.

Your brother
Peter.
